 Assessment carried out by:
 Name: ______ Signature: _____ Job Title: _____ Date: _____

Overall	Risk Factor w	ith control n	neasures i	n place			
Probability: (How likely is the hazard?)							
1	2	3	4	5			
Probably never	Unlikely	Possible	Likely	Almost certain			
	Severity: (Wha	nt is the likely i	result if it ha	ppens?)			
1	2	3	4	5			
No Injury	Slight/Minor injury	Moderate injury	Serious injury	Fatality			

 Key to Risk Factor
 (Probability x Severity)

 1 - 5
 = Low
 - Monitor, make changes if needed

 6 - 11
 = Medium
 - Implement additional controls & monitor

 12 or more
 = High
 - Reduce risks with extra controls if possible
